Senate Bill 187: Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at 4201-B Delta Fair Blvd. Antioch, CA 94509, 2964 Miranda Ave. Alamo, Ca 94507, 850 2nd Avenue, Brentwood, Ca, 94513.

Safety Plan Vision

The Safety Plan has been written to ensure a safe environment for students and staff by protecting students and staff and preventing from man-made or natural acts of violence/harm/disease; mitigating damage, and restoring safety to the learning environment in event of a crisis.

Assessment of School Safety

Emergency Drills are assessed for compliance and adherence to guidelines using a checklist and feedback forms. Facilities' inspections and assessments are conducted 2x per year, and more frequently if necessary. Mandated records for student accidents and incidents are tracked and evaluated annually. Staff is trained yearly on school safety plans and on non-violent crisis prevention. Emergency drills are performed monthly. Safety Committee Meets quarterly to review plan and data.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

CCCOE sites are on different district school properties. The safety plan of each particular location works in collaboration with the host school site. Each CCCOE Special Education campus follows the drills and protocols of the school and district in which the site is located. COE school sites follow the I Love You Guys Active Shooter safety plans.
