## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

The CCCOE Special Education Program (East and Far East Programs) provides specially-designed services to meet the needs of students with disabilities from birth (Early Start) through transition (age 22). Programs for students aged 3-22 provide a comprehensive curriculum for students who are significantly impacted by their disability. Leadership and support exist to ensure that high quality instructional programs are provided to students, as well as facilities that are appropriate and maintained in a safe condition. The special education curriculum for students with moderate to severe disabilities is based on the core areas identified in the California State Department of Education (CDE) curriculum frameworks.

The program for medically fragile students provides appropriate educational settings and supports for students with a combination of developmental disabilities and medical needs. These programs are designed to support children preschool through transition age (22), who have vision, hearing, orthopedic impairments or other developmental disabilities, combined with various medical needs that cannot be addressed in a regular district school setting. As needed, instructional staff provide feeding support and other medically-related procedures under the supervision of a registered school nurse and classroom teacher. Community outings are provided when appropriate.

The Intensive Program serves students in grades Preschool-Transition in a special day class setting. The program assists students with autism, autistic-like behaviors and intensive behaviors to manage academic, social and functional demands through a variety of approaches within a structured environment. Behavior intervention supports and related services (i.e. Occupational Therapy and Speech services) are provided as appropriate in an individual or small group setting so that students can access learning. As appropriate, staff provide opportunities for community outings to practice social skills.

The Early Start Program serves infants and toddlers through individual home-based and small group classroom settings. This program is designed to support children aged birth to three years old who have vision, hearing, orthopedic impairments and/or other developmental disabilities or delays. The education team consists of some (if not all) of the following specialists: teacher/case manager, instructional assistant, speech therapist, occupational therapist, vision specialist and deaf/hard of hearing specialist. These specialists assist the family in providing assessments and developing an Individual Family Service Plan (IFSP). This team, in conjunction with the school district staff where the student resides, support the students' transition to the preschool setting when they reach 3 years of age.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

At Contra Costa County Office of Education, special education programs do not use textbooks. Curriculum is provided to each teacher in an online format, which is currently the Unique Learning System. This system is standards-aligned, individualized, differentiated and includes assessment tools.

## School Facility Conditions and Planned Improvements

The CCCOE Special Education Programs operate across six school sites- Diablo Vista, Turner, Krey, O'Hara Park, Liberty, and Heritage School consisting of 21 classrooms, including two for the Early Start program. There is a separate FIT report for each site.

All students are under direct staff supervision while in transit to and from school with assistance from individual district transportation personnel. While on school sites, students are under direct supervision of both classified and certificated personnel. Students may be early released only to authorized adults who are required to identify themselves and sign out the student.

Access to school sites is restricted, requiring all visitors to check in at the main office for clearance and registration. All facilities and grounds are observed and monitored for unauthorized visitors who are reported to the main office for appropriate action. When visitors are approved to be on campus they are given a temporary badge identifying them as a guest. Volunteers are required to be interviewed and approved by site administration and to register with the central office Human Resources Department and receive TB clearance. All regular personnel are provided with picture I.D. badges for their use.

All sites are regularly cleaned and maintained by custodial and gardening staff. Facilities maintenance is ongoing and coordinated with site principals through the central office facilities department. More intensive cleaning and maintenance occurs during student break/vacation periods in order to minimize impact to the learning environment. All sites are in good repair and free of adverse conditions detrimental to student learning. The main site facilities range in age from 8 to 15 years old. All facilities have been regularly maintained and upgraded with a greater proportion of maintenance funds prioritized for their modernization. This past year, furniture has been updated, areas decluttered, technology improved, and many general maintenance projects have been finalized. Emergency repairs are typically handled in a timely manner.

Adequate and appropriate classroom and playground space is available. Specialized equipment is accessible for use by students with special needs. Workspace and break/lounge areas for staff have been designated.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with “NT” values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

CCCOE has held virtual meetings for parents on the topics of public health and the re-opening schools after COVID 19 school closures. The CCCOE Special Education Programs sent out parent surveys to get parent input, and also held virtual "Back to School Night" that included a parent survey. The current policy is for reduced visitors on school site, but the site administrators continue to welcome feedback from parents via email or phone call.

Parents are involved in the education of their students through the Individual Education Program (IEP) and Individual Family Service Plan (IFSP-birth to 3 years of age) process. As an IEP/IFSP team member, each parent participates in the development of annual academic, behavioral, and social goals for his/her child. In the Early Start Program families are involved in the direct service to their child in a center or home-based setting. For more information on how to become involved, contact the site administrators @ 925-634-0511 x221 or @ 925-777-2000 x1101.

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
<b>Suspensions</b>	0.00	0.00	4.66	0.11	3.47	0.20
<b>Expulsions</b>	0.00	0.00	0.03	0.03	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## Professional Development

Certificated staff receive three full days of staff development and classified receive one full day of staff development. In addition to the full day professional development sessions, staff also receive approximately ten partial day trainings during the second half of designated minimum day schedules. The content is a direct reflection of State mandates, the Special Education Program goals, parent feedback, and staff needs as related to student performance. Content includes instructional methods, classroom management, Independent Study strategies (during COVID Pandemic), behavioral supports, and the effective development and delivery of Individual Education Plans (IEPs). Every K-12 teacher participates in training to using the standards-based "Unique" curriculum program. All classes utilize technology, including Promethium Boards, internet-access, tablet type devices and other media in order to facilitate student learning and communication. Whole-staff trainings are provided for the use of these devices, as well as additional technology support and training based on needs and requests of staff.

Training's provided to staff include: CPR and first aid; emergency preparedness; sensory integration; crisis prevention intervention (CPI); various conferences, workshops, and presentations to improve instruction. Teachers are supported through in-class coaching, classroom team meetings, and mentoring. CPI training consists of strategies to support students who display physically aggressive behaviors during the school day. All staff participate in an initial 8-hour training and yearly "refresher" courses to maintain their skills. On non-professional development minimum days, staff work individually or in groups to prepare for student instruction, collaborate with other staff hold classroom meetings and or prepare for IEP meetings. During the 21-22 school year, a series of trainings on behavioral supports/ positive behavior are being given to instructional assistants who work with students.

The CCCOE offers support to teachers through a variety of programs, as determined by need. The CCCOE Teacher Induction Program (TIP) provides a collaborative model of support providing a pathway for teachers to clear their credential. Intern teachers participate in the Solano/North Bay/Contra Costa Teacher Intern Program, and are generally referred to TIP once they receive their preliminary credential. Another relatively new teacher support program was created for those teachers who may be new to their assignment. This program is called the New Assignment Mentor Support (NAMS) program and both veteran and new teachers may be eligible. Finally, struggling teachers may be referred to the Peer Assistance Review (PAR) program as a result of an unsatisfactory evaluation. Also, a website has been developed to help all teachers access quality instructional lessons and links to existing exemplary programs. Methods of professional development may include after school workshops individual conferences, peer coaching, classroom visitations, veteran teacher observation and attendance at professional development conferences and meetings.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
